hey you, did you know...

All reusable products are zero waste, stored in sustainable washbags with a recyclable cardboard sleeve that can be reused for up to one year.

Inside, you will see wash and care instructions for each product as well as a period tracking chart to understand your cycle clearly.

We were shortlisted for an award at global climate conference COP26 for our innovative efforts in going green and developing sustainable solutions.

my first period kit

The easiest way to prepare for your period!
A first period can be daunting, especially if you haven't 'had the conversation' with your parents yet. Our handy First Period Kit is here to make that first one a little easier.

Contains:

- 2 x boxes of day pads
- 1 x box of non applicator tampons (regular)
- 1 x wet bag which is perfect to take products with you in case you start when you're not at home

Plus a go-to-guide for everything you can expect for your first period.
